SCHEDULE F (Continued)

PAWTUCKET WATER SUPPLY BOARD

Miscellaneous Charge

Rhode Island Public Utilities Commission

Docket No. \_\_\_\_\_

Effective: July 1, 2003

**Swimming Pools**

If a consumer wishes to fill a swimming pool from a fire hydrant, a meter will be installed on the hydrant. The consumer will provide a 1 1/2 inch (one and one-half inch) or larger hose from the fire hydrant to the swimming pool. The customer will pay a service charge of \$50.00 plus the cost of the water used at the highest prevailing rate.

**Tank Truck - Bulk Sales**

Tank trucks must be filled using an air-gap separation to assure the prevention of the backflow from the truck to the water system. The consumer will pay a service charge (Tank Truck filling Permit) of \$50.00 per day, plus the cost of the water used at the highest prevailing rate, plus the cost of PWSB labor if required. The customer will use a hydrant meter or certify the volume of the truck.

**Main Extensions**

An engineering fee, sampling/testing charge will be assessed prior to approval of construction.

The engineering inspection fee is \$250.00 per day.

The charge for sampling and testing shall be \$85.00 for each segment of pipe to be tested, and shall be paid prior to the start of construction.

Deposit of \$2000.00 is due before construction, and balance due prior to acceptance of work.

**Service Installation Charges**

The charges for service installation are to be paid at the time of application for a new water service installation or for connection to a vacant lot service or abandoned water service.

The cost of road patching, sidewalk patching, and engineering/inspection, must be added to the basic service installation charges as set forth herein.

All installation charges are to be computed by the Engineering Section of the Pawtucket Water Supply Board.
